Aaron, I am available during both times on Thursday.

Zach, which time works better for you?

Subject: Meeting Request for Weyerhaeuser CDK Project

Caution: This email originated from outside EPA, please exercise additional caution when deciding whether to open attachments or click on provided links.

Hello, Geoffrey. Though they were not 'official,' ORCAA received EPA's draft comments on Weyerhaeuser's Continuous Dry Kiln (CDK) permit application BACT analysis. ORCAA greatly appreciates EPA's early draft comments and would also appreciate the opportunity for Weyerhaeuser, EPA, and ORCAA to meet and discuss or otherwise clarify how Weyerhaeuser can satisfy the draft comments made.

If possible, we would like to set up a meeting for Thursday, February 22. Available time frames are from 8-9 or 11-1.

If either of those windows work we'd like to schedule a meeting, or reschedule for a different day.

Sincerely,

Aaron Manley, P.E.
