Hello. I'm attaching the applicant review copy of your NOC permit. Please pay special attention to the Conditions of Approval, as they will be permanent once the NOC is finalized. I'm available to discuss any permit questions you may have.

Please provide your comments, if any, as soon as possible. After your review, we need to send a draft to Ecology to complete the Tier II review. Then we will incorporate their recommendation and use that draft to begin public noticing.

You will have the opportunity to comment on the proposed permit during the public noticing period and will also have a chance to appeal the permit to the Pollution Control Hearings Board after the permit is issued, should you choose.

Once we receive and address your comments we will forward the draft to Ecology.

Sincerely,

Aaron Manley, P.E.

Engineer II
