Thanks for the update Aaron! Any estimate on how long the internal review will take?

**Subject:** Weyerhaeuser 23NOC1614 Status Update

Hello. I sent a draft of the Weyerhaeuser NR Company's proposed CDK permit for internal review. When I receive back comments I'll address them then send a copy of the draft to the applicant for comments.

Once we've addressed the applicant's comments we will send a preliminary draft to the Washington State Department of Ecology for the Tier II review. When we receive their recommendations we will incorporate them into the preliminary draft and submit it for the mandatory 30-day public commenting period.

Let me know if you have any questions.

Sincerely,

Aaron Manley, P.E.

*Engineer II*
