**Subject:** Equipment Table Assistance - 23NOC1614

Hello. One of the comments that will take me time that you could likely help out with is a comprehensive table of new and existing equipment at the facility once the CDK is operational. Can you update this table to include the existing equipment and return to me? Please feel free to update any information I'm missing or might have wrong, as well. Thank you!

We have a list of the existing equipment here.

Let me know if you need any clarification.

Sincerely,

Aaron Manley, P.E.
