STATE ENVIRONMENTAL POLICY ACT

Determination of Nonsignificance
Adoption of Existing Document

Lead Agency: Olympic Region Clean Air Agency

Agency Contact: Abi Roberts
Abi.Roberts@orcaa.org
(360) 539-7610 X 106

Agency File Number: 24NOC1685

Description of Proposal:

The City of Montesano Wastewater Treatment Plant submitted a Notice of Construction (NOC) application to ORCAA requesting approval for after-the-fact installation of an emergency engine rated greater than 500 brake horsepower.

Location of Proposal: 128 State Route 107
Montesano, WA 98563

Proponent: City of Montesano Wastewater Treatment Plant
360-470-2419
jmcelliot@montesano.us

Title of documents being adopted: SEPA DNS and Environmental Checklist

Date adopted documents were prepared: April 11, 2019

Description of document being adopted:

The City of Montesano issued a Determination of Nonsignificance after requiring and reviewing an environmental checklist for upgrades to the City of Montesano Wastewater Treatment Plant. Upgrades included modifications to the existing biosolids holding lagoon, upgrades to the disinfection process, and new effluent pumps.

The adopted document is available on the SEPA register posting and is available at:
https://www.orcaa.org/news-notices/

We have identified and adopted these documents as being appropriate for this proposal after independent review. The documents meet our environmental review needs for the current proposal and will accompany the proposal to the decision maker[s].

Olympic Region Clean Air Agency has determined that this proposal will not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030{2)(c). This determination is based on the following findings and conclusions:

The Determination of Nonsignificance and associated environmental checklist from a previous project were adopted as they address impacts of the proposal except for the air impacts from the emergency engine. The environmental checklist was revised to include the description of the proposal, the requirement to receive approval from ORCAA through a Notice of Construction (NOC) application and identification of emissions to the air.

This DNS is issued under WAC 197-11-340(2) and the comment period will start on October 31, 2024 at 8:00 am and end on November 14, 2024 at 4:30 pm.
