Agency (ORCAA) proposes to update the effective date of the federal regulations that were previously adopted by the agency. Currently, where federal rules are referenced in agency regulations, the effective date of the federal regulations is July 1, 2018. The agency intends to update the effective date annually. This proposal would change the reference date to July 1, 2019. There are two proposed changes to Appendix A. The first change removes the dates from the descriptions and the second is a change to the sources affected by ORCAA adoption; specifically, gasoline dispensing stations included in 40 CFR Part 63 Subpart CCCCCC. This change to the appendix aligns it with the existing ORCAA Rule 8.17.
